MOTION TO REOPEN PROCEEDINGS FOR LIMITED PURPOSE AND MOTION FOR ORDER APPROVING DISTRIBUTION OF SURPLUS RESERVES TO APPROVED CLASS 2 INSURANCE GUARANTY ASSOCIATION CLAIMANTS

FACTUAL BACKGROUND

- 1. Respondent Paula Insurance Company ("Paula") was a corporation duly organized and existing under and by virtue of the laws of the State of California. Under a Certificate of Authority issued by the Insurance Commissioner in his regulatory capacity, Paula was authorized to transact the business of disability, liability, and workers' compensation insurance.
- 2. On April 26, 2002, upon the Insurance Commissioner's application, this Court appointed the Insurance Commissioner as Conservator of Paula. (Declaration of Scott Pearce "Pearce Decl," Ex. A.)
- 3. On June 21, 2002, upon the Insurance Commissioner's application, this Court terminated the Insurance Commissioner's appointment as Conservator and appointed the Insurance Commissioner as Liquidator (hereinafter "Liquidator" or "Commissioner"). (Pearce Decl. Ex. B.)
- 4. Over the course of the next six years, the Liquidator monetized Paula's assets; terminated real estate and equipment leases; disposed of furniture, fixtures, and equipment; released funds to the insurance guaranty associations (hereinafter "IGA") that made claims payments to Paula's policyholders; and made an interim pro rata distribution of assets to approved Class 2 claimants. (Pearce Decl. pg. 2, ¶ 7.)
- 5. On September 5, 2008, upon the Liquidator's application, this Court entered an Order
 (1) Settling and Approving the Final Report and Account of the Liquidator of Paula Insurance
 Company; (2) Authorizing Disbursement of Funds; (3) Approving Payment of Expenses; (4)

Terminating Liquidation Proceeding and Discharging Insurance Commissioner as Liquidator; (hereinafter "Order"). (Pearce Decl. Ex. C.)

- 6. On October 20, 2009, the Liquidator filed with this Court the Declaration of Scott Pearce Confirming Distribution of Assets Pursuant to Court Order and Closing the Estate of Paula Insurance Company. Pursuant to this Court's Order, the Liquidator distributed a total of \$256,369 to Class 2, non-IGA claimants; distributed a total of \$52,719,493 to Class 2, IGA claimants; reserved \$700,960 for accrued tax liability; and reserved \$574,941 for administrative expenses over the next three years. (Pearce Decl. Ex. D.)
- 7. On October 22, 2009, the Liquidator filed with this Court a Request for Dismissal of the insurance liquidation proceedings. The dismissal was entered on October 22, 2009. (Pearce Decl. Ex. E.)

BASIS FOR REOPENING PROCEEDINGS – SURPLUS RESERVES

- 8. The Commissioner has determined that the full amount previously reserved for administrative expenses is not needed. As of October 31, 2010, the Commissioner had \$467,000 in the closing reserves. The Commissioner estimates that he needs only approximately \$257,568 in the closing reserves for the period from November 1, 2010 through September 2011. The amount of the revised closing reserves includes the expenses associated with reopening the proceedings and making the distribution as requested herein. Also included in the revised closing reserves are the costs associated with the destruction of Paula's records, which destruction is scheduled to begin in September 2011 and which the Court previously authorized to begin three years after the date of the Court's Order of September 2008. (Pearce Decl. pg. 2, ¶¶ 11 & 12.)
- 9. After subtracting the revised closing reserves, the Commissioner has approximately \$209,432 in surplus reserves to distribute to Class 2 claimants and therefore respectfully requests this Court to reopen the Paula proceedings for the sole purpose of authorizing distribution of the

surplus reserves.

- 10. On a pro rata basis, the Class 2, IGA claimants would receive a total of \$208,927 (two hundred eight thousand nine hundred twenty-seven dollars) and the Class 2, non-IGA claimants would receive a total of \$505 (five hundred and five dollars). (Declaration of Edward Hahn "Hahn Decl." pg. 1, ¶ 5.)
- 11. The Commissioner proposes to make a distribution only to Class 2, IGA claimants because, unlike a distribution to Class 2 non-IGA claimants, the administrative expenses of distributing funds to IGA claimants is relatively small and cost efficient. The liquidator, as is his practice, will simply make wire transfers to the IGA claimants. Once the wire transfers are completed, there will be no further administrative expenses associated with the distribution. (Hahn Decl. pg. 1, ¶ 6.)
- 12. A distribution to Class 2, non-IGA claimants, is an entirely different process. The administrative expenses that would have to be reserved for non-IGA claimants would be many multiples of the actual amount distributed. While the liquidator would incur only minor expense for the printing and mailing of the checks, there is significant expense involved in tracking the checks, answering inquiries, tracking returned mail, and reissuing checks, (if needed) for the non-IGA claimants. At the end of the six months following the distribution, funds equivalent to any uncashed outstanding checks would need to be escheated to the California State Controller's Office or the state treasury department of the claimant's last known address. The liquidator would have to reserve an amount for administrative expenses such that the distribution to Class 2, non-IGA claimants would not make economic sense. The liquidator would most probably incur expenses of many thousands of dollars to distribute \$505. (Hahn Decl. pg. 1, ¶7.)
- 13. There are 452 Class 2, non-IGA claimants. If the Insurance Commissioner were to distribute to Class 2, non-IGA claimants, they would receive the following amounts:

APPROVING DISTRIBUTION OF SURPLUS RESERVES TO APPROVED CLASS 2 IGA CLAIMANTS

required to file a declaration of compliance upon completion of the distribution to Class 2, IGA claimants.

- 5. The Insurance Commissioner is authorized to destroy the records of Paula Insurance Company per schedule, i.e., in September 2011, as originally ordered by this Court on September 5, 2008.
- 6. If there are any assets remaining after the Insurance Commissioner has completed all his closing tasks, e.g., destroying Paula's records, such remainder shall be escheated to the Department of Insurance in accordance with the procedure agreed to among the Department of Insurance, the Liquidator, and the State Controller's Office.
- 7. The Insurance Commissioner is authorized to take any action necessary to accomplish the purpose of this Order.

MEMORANDUM OF POINTS AND AUTHORITIES

The California Insurance Commissioner, in his capacity as Liquidator of Paula Insurance Company ("Paula"), completed the liquidation of Paula when he made a final distribution of assets in September 2008. (Declaration of Scott Pearce, Ex. C.) Part of the process of final distribution was to keep a reserve to pay expenses for three years from the date of the final distribution. The Insurance Commissioner reserved \$574,941, and has now determined that he will not need that entire amount to pay expenses through September 2011.

California case law supports the broad grant of powers accorded the Commissioner when he is conserving, rehabilitating, and/or liquidating insurance companies.

The Insurance Commissioner as liquidator acts on behalf of the company's creditors and policyholders. In *Jones & Sons v. Independent Insurance Company* (1942) 52 Cal.App.2d 374, 378-379, the Court of Appeal noted that "section 1057 of the Insurance Code provides that the Commissioner shall be deemed to be a trustee for all creditors. It was his duty to collect the assets (Ins. Code § 1037) and distribute them ratably among the creditors (Ins. Code § 1037), subject to certain priorities (Ins. Code § 1033)"

The Insurance Commissioner as liquidator executes his powers with broad discretion, subject to review by the court under the "abuse of discretion" standard. (*In Re Executive Life Insurance Company* (1995) 32 Cal.App.4th, 344, 356).

Here, the Insurance Commissioner has determined that there are sufficient surplus reserves to warrant reopening the Paula proceedings in order to make a distribution to Class 2, IGA claimants. The Insurance Commissioner has further determined it would wasteful to incur expenses for making a distribution to Class 2, non-IGA claimants because the individual amounts are *de minimis*. Indeed, the entire Class 2, non-IGA distribution is only \$505.00.

///

CONCLUSION

The Insurance Commissioner respectfully requests this Court to reopen the above captioned case for the sole and limited purpose of making a distribution of surplus reserves of approximately \$209,432.00 to Class 2, IGA claimants and that the Commissioner be authorized to forgo the pro rata distribution to Class 2, non-IGA claimants since distribution to them would not be economically prudent.

DECLARATION OF EDWARD HAHN

DECLARATION OF EDWARD HAHN

I, Edward Hahn, declare:

- 1. I am over eighteen years, and I am competent to be a witness. I have personal knowledge of the events to which I attest.
- 2. I acquired my personal knowledge in my role as the Vice President Finance Estates in the California Insurance Commissioner's Conservation & Liquidation Office ("CLO").
- 3. I am one of the persons who prepare the regular accounting statements for the CLO as to Paula Insurance Company ("Paula") in liquidation.
- 4. I have a Master's degree in Business Administration from the University of California at Berkeley and have over ten years' of experience in dealing with accounting matters for insurance companies in liquidation. I am familiar with the records to which I attest, which are made in the regular course of business of the CLO and are made at or near the condition or event to preserve them as a record of the act, condition or event.
- 5. After subtracting the revised closing reserves, the Insurance Commissioner as liquidator of Paula has approximately \$209,432 in surplus reserves. On a pro rata basis, the Class 2, IGA claimants would receive a total of \$208,927 (two hundred eight thousand nine hundred twenty seven dollars), and the Class 2, non-IGA claimants would receive a total of \$505 (five hundred and five dollars).
- 6. The administrative expense of distributing funds to IGA claimants is relatively small and cost efficient because the liquidator, as per practice, will simply make wire transfers to the IGA claimants. Once the wire transfers are completed, there will be no further administrative expenses associated with the distribution.
- 7. A distribution to Class 2, non-IGA claimants, is an entirely different process from that of the IGA claimants. For non-IGA claimants the liquidator would have to reserve an amount for administrative expenses such that the distribution would simply not make economic sense. The administrative expenses that would have to be reserved for non-IGA claimants would be many multiples of the actual amount distributed. This is because there would be significant administrative expense for tracking the checks, answering inquiries, tracking returned mail, and

3	Office or the treasury department of the claimant's last known address. In short, the liquidator		
4	would incur expenses of many thousands of dollars to distribute \$505.		
5	8. The following illustrates the distribution range if the Insurance Commissioner were to		
6	distribute to Class 2, non-IGA claimants. There are 452 Class 2, non-IGA claimants. Of that		
7	total:		
8	1 claimant would receive \$19.10		
9	3 claimants would receive \$12.00 - \$13.00

l 1	112 claimants would receive \$1.00 - \$5.00		
12	321 claimants would receive \$0.01 - \$1.00		
13	9. I believe it would be wasteful of estate assets to incur expenses of thousands of dollars		
14	to issue and track checks of such de minimis amounts.

A true and correct copy is attached hereto as Exhibit D.
- 10. On October 22, 2009, the Liquidator filed with this Court the Request for Dismissal of the insurance liquidation proceedings. The dismissal was entered as of October 22, 2009. A true and correct cop is attached hereto as Exhibit E.
- 11. The Insurance Commissioner has determined that the full amount previously reserved for administrative expenses is not needed. As of October 31, 2010, the Commissioner still had

\$467,000 in the closing reserves. The Commissioner estimates that he needs approximately \$257,568 in the closing reserves for the period from November 1, 2010 through September 2011.

12. The amount of the revised closing reserves includes the expenses associated with reopening the proceedings and making the distribution as requested by the Commissioner in the attached motion. Also included in the revised closing reserves are the costs associated with the destruction of Paula's records, which destruction will begin in September 2011. The Court authorized destruction of Paula's records three years after the date of the Court's Order of September 2008.

- 23. All funds and accounts in the name of Respondent, or the Commissioner as

 Conservator, in various banks or any other institutions wheresoever situated are vested in the
